

Paleolithic & Neolithic Ages

Comic Book Activity

40pts

Name: _____

Period: _____

Directions: You are going to create a comic book about changes that occurred between the Paleolithic to Neolithic Ages. You are going to use your characters, comedy, action and the like to tell a story about how ways of life changed over time.

Consider These Points:

- **CREATIVITY** –Use color, drawings (you can paste pictures) and have fun with this project! You can do this like a story, a narrative, an action packed adventure, comedy, drama, you can be serious, sad – so many possibilities! *Show me that you put effort into making this!*
- **CONTENT** – Use the information you know from class lectures, notes, & graphic organizers to get across the changes that occurred between the two periods. To get full credit YOU MUST:
 - Select at least three of the most important changes from the Paleolithic to the Neolithic Age and show them in the comic.
- **LENGTH** – You cannot do a comic BOOK or explain the significant changes with just a single picture.
 - You must do this like a comic book – with windows, speech bubbles...ect.
 - Your comic must cover THREE significant changes that occurred between the Paleolithic and Neolithic Ages. (You can do outcomes that are positive or negative)

You can use the sheet on the back of this paper to organizer your comic or you can make your own. Making your own shows more creativity and can garner you more points.

Also, be sure to take a look at some examples of Neolithic comics given on the weebly!

Have fun with this!
