### RETURN OF THE KKK FIGHTING TO PRESERVE WHITE PROTESTANT CIVILIZATION

### The Truth About the Knights of the Ku Klux Klan

There is a good deal of speculation and much misrepresentation on the part of the public with relation to what the Knights of the Ku Klux Klan stand for, their objective, what part they expect to play and what mission they expect to fulfill in the communities where they are organized.

Many well-meaning citizens have the idea that the Knights of the Ku Klux Klan is a masked formation of men who travel about in the night time endeavoring to correct wrongs committed, by here and there flogging citizens, applying tar and feathers to others, writing strange, threatening, anonymous letters, and otherwise pursuing vicious practices.

Upon the contrary, the Knights of the Ku Klux Klan oppose lawlessness of every character and insist upon the punishment of crime by the regularly constituted authorities and in no other way.

Other well-meaning citizens think that it is an attempt to form a new political party which might take the place of or fuse with the Republican party and in some way disrupt the time-honored Democratic party.

Whereas the members of the K nights of the Ku Klux Klan are about 90 per, cent Democratic persuasion in politics, and it is not in any sense a a political party at all or an adjunct of any political party.

Still another class of citizens thinks that the Knights of the Ku Klux Klan was organized by men who are unalterably opposed to the Jewish people and that there is a fight now waged against them with the hope that they might be crushed, stamped out or at least checked in their legitimate pursuits.

The Knights of the Ku Klux Klan are not opposed to the Jewish people of this country, and not waging a fight on them.

The Jewish people are distinctive in that they hold to a particular re-

ligious belief and they own their own churches and attend them exclusively. They would not permit those holding the Protestant faith to become members of their synagogues because of their religious faith. This is at it should be and in conformity with that part of the Constitution which provides that every man may worship God as he wishes, and the Knights of the Ku Klux Klan subscribe to this principle. The Jewish people could not become members of the Knights of the Ku Klux Klan for the reason that they do not subscribe to this principle. The Jewish people could not become members of the Knights of the Ku Klux Klan for the reason that they do not subscribe to the Protestant religious faith. The Jewish people may, however, become members of the Knights of the Ku Klux Klan if they should subscribe to the tenets of the Christian religion. Already numbers of Jewish people have become members of the Ku Klux Klan.

Still another class thinks that the Knights of the Ku Klux Klan was organized for the purpose of fighting members of the Catholic church, and that they are embittered against men of that faith.

This is not true, and it is not the purpose of the Knights of the Ku Klux Klan to make war upon Catholics, and there is no bitterness or ill will that should exist between the members of the Knights of the Ku Klux Klan and individual Catholics.

There is another class of citizens who think that the Knights of the Ku Klux Klan was brought into being for the purpose of opposing, abusing, intimidating and otherwise hampering the progress of the negro race.

This is not true. While the Knights of the Ku Klux Klan favor the supremacy of the while race it does not hold any ill will toward the negro race, but is just as active in protecting the negroes as it is in maintaining the supremacy of the Anglo-Saxon race.
